Sweat

Precision Productions

[Intro: Sean Paul]From the rest fire
She press pier (Yes-Nay ah!)
She call me the squire
Lock it off well tight
And give her it higher
Can?t deny her...
Sean-Da-Paul alongside Corleon...
Fire!!!
[Chorus x2: Corleon]Sweat-sweat-sweat-sweat-sweat
Get you really wet
Girl I?ve got just what you want
To leave your body soaking wet.
[Verse 1: Sean Paul]Real it a fall
And the gal this bawl
And the gal this a bit pon my tress (my tress)
She want it all
She nuh want me to stall
And she want me to give her it endless (endless)
The power and straight and...
Make she repaint and...
Give her it love up in a excess
Same time she a wiggle & wine & bawl out my name
And say me a the greatest, cause...
When me ready to pick up the base
And put it proper pon her
Gal a bawl... {Written By N.A.R.E.K.}
Just like say a some day
?Help God? she a call
Making her, sweetie
Believe that stress is what I?m doing, that?s all
Anything me tell her she do it well fast
Cause she knows my respect?s well tall
Me a make her...
[Chorus x2: Corleon]Sweat-sweat-sweat-sweat-sweat
Get you really wet
Girl I?ve got just what you want
To leave your body soaking wet.
[Verse 2: Sean Paul]Lyrics when me target

Up in her rote

And she want me to deal with it straight off
Little night when the moon it shine
And she give me the time
And the clothes them taken off
When the tide it rise
And she get the surprise
And she just can?t whip
For the break off
For the while undermine
She a shake and mash up the place
And set the ear break off
Well a bubble she babble
To the bass and a tremble
Ant the way how she move
Makes me know she a rebel
??S?? to the ??P??
Go on take it to the level
And she can?t go around it
It?s in my devil
Must get apart
Cause she?s hot like cackle
She alone gonna
Make my nerves them circle
My name she calls
For me give her it hard
And break down a while
And I know it is rebel... Bam!!!
[Chorus x2: Corleon]Sweat-sweat-sweat-sweat-sweat
Get you really wet
Girl I?ve got just what you want
To leave your body soaking wet.
[Bridge: Corleon]Gal send it on fire
Let?s blaze it up higher
I want yours melt on mine
Put your body next to mine
You know I?ve got desire
You?re flaming like the fire... fire...
[Chorus x3: Corleon]Sweat-sweat-sweat-sweat-sweat
Get you really wet
Girl I?ve got just what you want
To leave your body soaking wet.
Tsunami!!!
