

Heaven Must Be Something Like This

Bri (Briana Babineaux)

Lead
Hands up lifted
And voices singing
Our hearts are crying holy, holy
Hands up lifted
And voices singing
Our hearts are crying we love you
I can't help but think
Heaven must be something like thisChorus (2X)
Hands up lifted
Voices singing
Our hearts are crying Holy, Holy
Hands up lifted
Voices singing
Our hearts are crying we love you
I can't help but think
Heaven must be something like this
Heaven must be something like thisStanding amazed in your presence
God I can see your glory
Awaiting the moment to enter
So I can touch your glory
My heart is racing
My soul has awakened
'Cause heaven has come down to earthChorusI enter the thrown room
And bow to my knees before you
And release my worship
Heaven must be something like thisYou stretch out your hand God
You lift me up to hear you
And you say well done
Heaven must be something like thisHoly (3X)
Heaven must be something like this
