The Ones That I Love (Intro)

Twin Atlantic

Lately I've been wondering
what the hell is going on
Is there something in the water?
Or something in their favourite songs?'Cause you can tell that the youth of today
Have lost their voice
No one questions, we all just accept
What we are taughtSo where have I gone wrong?
Just let me live up in the skies
Where I look upon the ones that I love
The ones that I loveMusic is my therapy
I can listen to it all night long
Casting out the memories
Like a painting or picture I drawYeah you can tell that the youth of today
Have lost their voice
No one questions, we all just accept
What we are taughtSo take me to your god
And let me live up in the sky
Where I look upon the one that I love
The ones that I love
With the ones that I love
