

Howl at the Moon

Nick Fradiani

We choose to live in the moment
It's not easy, ya know it
But tonight, we're gonna own it
Because we're born to be alive So we drink and we dance
We love while we can
And let the haters know
There's no need to fight
Time's short in this life
So raise your glass and toast Cheers to life, cheers to the world
Nights with friends and beautiful girls
Leave your troubles for the morning light
And while the stars are bright
Howl at the moon
Howl at the moon This bar is our kingdom filled with damsels and women
If they play party songs, we're gonna sing them
As we drink the bottles dry So cheers to life, cheers to the world
Nights with friends and beautiful girls
Leave your troubles for the morning light
And while the stars are bright
Howl at the moon
Howl at the moon So we drink and we dance
We love while we can
And let the haters know
There's no need to fight
Time's short in this life
So raise your glass and toast Cheers to life, cheers to the world
Nights with friends and beautiful girls
Leave your troubles for the morning light
And while the stars are bright
Howl at the moon
Cheers to life, cheers to the world
Nights with friends and beautiful girls
Leave your troubles for the morning light
And while the stars are bright
Howl at the moon
Howl at the moon
