Don't Go Breaking My Heart

Peter Andre

So many nights, I felt your beating heart
As we were deep in the dark, I watched you sleeping tight
Protect you from the light
As if you were a child and put a kiss on your lips
Don't you go breaking my heart
Stay for a while, I'll make it alright
'Cause if you go breaking my heart
I won't survive, so stay for tonight
Ohh, this can't be right, 'cause each and everytime
I look deep in your eyes, I see the shining stars
Beautiful work of art, still we just never part
Let's talk it through you and I here tonight
Don't you go breaking my heart
Stay for a while, I'll make it alright
'Cause if you go breaking my heart
I won't survive, so stay for tonight
Is there something that I should have done?
Tell me where did I go wrong
Is there something that I could have said?
To make you stay around my way
Don't you go breaking my heart
Stay for a while, I'll make it alright
'Cause if you go breaking my heart
I won't survive, so stay for tonight
