Good To Me

Irma Thomas

This is dedicated to all the good men
I want me a man, you know the kind of man
That don't mind cooking me dinner
I want me a man, you know the kind of man
That all night in bed he's a winner
I want me a man, you know the kind of man
That gotta body like a gladiator
'Cause I want me a man, a real kind of man
And he ain't gotta have a lot of paper
Just be good to me
Tell me I'm the one you need, boy
Just be good to me
'Cause I don't wanna search no more
I'm ready to give a man all this good love
I'm ready to blow your mind 'til you can't get enough
Just be good to me
I don't think I'm asking too much
Just be good
I want me a man, you know the kind of man
That still go to church with his mama
I want me a man, you know the kind of man
That ain't about all that drama
I want me a man, you know the kind of man
That I can take home to my daddy
'Cause I want me a man, a real kind of man
And if you're out there get at me
Just be good to me

Tell me I'm the one you need, boy
Just be good to me
'Cause I don't wanna search no more
I'm ready to give a man all this good love
I'm ready to blow your mind 'til you can't get enough
Just be good to me
'Cause I don't think I'm asking too much
Just be good
If you need a good man throw your hands up
You see a good man throw your hands up
All my ladies in the house tonight say yeah

All my ladies in the house tonight say yeah
If you need a good man throw your hands up
You see a good man throw your hands up
I don't wanna waste no time
So if you wanna be mine
Just be good to me
Tell me I'm the one you need, boy yeah
Just be good to me
'Cause I don't wanna search no more
I'm ready to give a man all this good love
I'm ready to blow your mind 'til you can't get enough
Just be good to me
Baby, be good, I don't think I'm asking too much
Just be good, good, good, good
Just be good, good, good, good
Just be good, good, good, good
