

Lead Me On (Re-Recorded)

Maxine Nightingale

I have often heard you say
You love me as a friend
But I love you more than anyone
You know I can't pretend no longer I would give you anything
I'd throw my world
But you don't want to hear that anymore
And you want to hear me say Come on and lead me on
Come on and tease me all night long
Lovin' you I know it's right
I'll always need you, I'll never leave you Come on and lead me on
Tease me all night long
I'd rather be a fool with a broken heart
Than someone who never had a part of you You know I told you from the start
Exactly how I feel
Time goes on, seems nothing's changed
I'm in love for real We have never played the games
That real lovers do
So maybe we are better off
But, baby, I'd still like this from you Come on and lead me on
Come on and tease me all night long
Lovin' you I know it's right
I'll always need you, I'll never leave you Come on and lead me on
Tease me all night long
I'd rather be a fool with a broken heart
Than someone who never had a part of you Come on and lead me on (Come on and lead me)
Come on and tease me all night long (Tease me all night long)
I'd rather be a fool with a broken heart
Than someone who never had a part of you Come on and lead me on (Come on and lead me)
Tease me all night long (Tease me all night long)
Lovin' you I know it's right
I'll always need you, I'll never leave you Come on and lead me on
Tease me all night long
