Taunus

Socius

If you're satisfied with an endless drive, you're in
It's the autobahn to the other side, for real
In a week or two all your friends have turned into freaks
Insanity and lunacy on wheelsThough you're travelling far, it's the redlight bars you see
It's an autobahn to the other side for real
The food you eat makes your body wanna scream
Insanity and lunacy on wheels
