Forever Failure

Paradise Lost

Understand procedure, understand war
Understand rules, regulations
I don't understand sorryYou must feel frustration
'Cause your mind feels such temptation
And your ways appear a total lack of faithYou may feel elation at your body's recreation
And the joy you need, restricted by one thoughtAre you forever?
Loss of purpose in a passive life
Are you forever?
Pale, regarded as a waste of timeHigh times are courageous
But in truth they suit no purpose
Induced, reduced, unable and afraidCan you feel rejection and a lack of motivation?
And the joy you need, restricted and delayedAre you forever?
Loss of purpose in a passive life
Are you forever?
Pale, regarded as a waste of timeI don't really know what sorry means
I've been sorry all my life
I'm sorry I was born, that's what my mother told meI don't really know what sorry means
I've been sorry all my life
I don't really know what sorry means
