

New Amsterdam

Pink Martini

New Amsterdam was her name
Before she was New York
New Amsterdam is a dame
The heart and Soul of Big Apple city No matter what name she goes under
I dig her deeply and no wonder
For she's been lovely to me
And I'm the better for having met her New Amsterdam was her name
Before she was New York
New Amsterdam is a dame
The heart and Soul of Big Apple city No matter what name she goes under
I dig her deeply and no wonder
For she's been lovely to me
And I'm the better for having met her
