We Wanna Smoke

We Wanna Smoke
This is the now generation.
They feel disenchanted with the world around them.
While they may, for the most part, be outside the mainstream of American life.
They are a part of the wave of the future.....I got of stalk a' sensimillia,
growing in my backyaaaaaard.I got of stalk a' sensimillia,
growing in my backyaaaaaard.we rollin up fat blunts, yo fatter than most tree trunks,
now thee skunk, yes, distorts my brain waves,
yes, we blazed.
we're listenin' to sweet cuts, from deejays,
plant our seedlings by random freeways,all us people, we smoking on the ganja-y,
we strictly smoking high grade, so please don't ruin our day,
mister cop bro, cuz, this right here is my smoke,
this right here's what i growed, so, please, just be on your way.Back to the middle to the front, don't front.
Wanna good time? Gonna give you what you want.
Can I hear a hey? [Hey!]
Now get a yo? [Yo!]
Followed by a -
we wanna smoke dope.
we wanna smoke dope.Back to the middle to the front, don't front.
Wanna good time? Gonna give you what you want.
Can I hear a hey? [Hey!]
Now get a yo? [Yo!]
Followed by a - we wanna smoke dope.Get out ya seat, yeah, and get off ya couch.
Get up off ya ass, yo, and get out ya mom's house.
look up to the sky, remember these days,
just like the sun, yeah, we all stay baked,we all stay blazed,
just like the sun,
remember these days,
remember this son,i was weak, before i was strong,
i was tweaky tweaked, before someone rang the alarm,
so if you're geeked, it's time to come along, move along,
spark anotha blunt, light a bong, sing along.....
if you're geeked, it's time to come along, move along,
spark anotha blunt, light a bong, sing along.....Back to the middle to the front, don't front.
Wanna good time? Gonna give you what you want.
Can I hear a hey? [Hey!]
Now get a yo? [Yo!]
