

# Stay With Me

Bobby Valentino

I can't hide my feelings inside  
'Cause baby, we done come so far  
I know you see what I've put in it  
So baby, give me your heart  
I'll do anything and everything  
To prove my love to you  
We're more than physical, baby girl we're spiritual  
Don't nobody do me like you do so  
Hold on to me  
'Cause I'm all the man you need  
In time you will see  
No one's gonna do you, no one's gonna do you like me  
Yeah, yeah, yeah, stay with me  
Yeah, yeah, yeah, stay with me  
Yeah, yeah, yeah  
I'm all the man, I'm all the man that you need  
Wrap yourself inside my arms  
'Cause baby, you're safe with me  
Ain't no worries 'cause I got your back  
I'll be all the superman you need  
Always protect you girl, never disrespect you girl  
You don't have to think twice  
I'll never do you wrong, that's why I wrote this song  
Girl, you have the key so hold on to me  
Hold on to me  
'Cause I'm all the man you need  
In time you will see  
No one's gonna do you, no one's gonna do you like me  
Yeah, yeah, yeah, stay with me, stay with me  
Yeah, yeah, yeah, stay with me  
Yeah, yeah, yeah  
I'm all the man, I'm all the man that you need  
Baby, won't you stay with me?  
'Cause I'm all the man you need  
(Stay with me)  
Baby, won't you stay with me?  
(Stay with me)  
'Cause I'm all the man, I'm all the man that you need  
Look into my eyes and see

(Stay with me)  
That everything that I say girl, I mean  
(Stay with me)  
Don't let a good thing pass you by  
'Cause I'm all the man, I'm all the man that you need  
Hold on to me  
'Cause I'm all the man you need  
In time you will see  
'Cause no one's gonna do you, no one's gonna do you like me  
Yeah, yeah, yeah, stay with me  
(Stay with me)  
Yeah, yeah, yeah, I said stay with me  
Yeah, yeah, yeah  
I'm all the man, I'm all the man that you need  
Hold on to me  
'Cause I am all the man you need  
In time you will see  
No one's gonna do you, no one's gonna do you like me  
Yeah, yeah, yeah, stay with me  
Yeah, yeah, yeah, stay with me  
Yeah, yeah, yeah  
'Cause I'm all the man, I'm all the man that you need  
Baby, won't you stay with me?  
'Cause I'm all the man you need  
(Stay with me)  
Baby, won't you stay with me?  
(Stay with me)  
'Cause I'm all the man, I'm all the man that you need  
(Stay with me, stay with me)  
'Cause I'm all the man, I'm all the man that you need
