

Maybe Just Maybe

Blackpool Lights

Think I'm 'bout to lose my head, don't know what to do
I've been spending way too much time with you
Haven't really done nothing wrong yet, but I'm 'bout to
Maybe, we should think about what we both could lose, could lose
Don't wanna be a fool, what is, is what is
Maybe, this was meant to be
Maybe, we should try and see
Maybe, just maybe, it's as far as we should go
Maybe, it's a big mistake
Maybe, we should walk away
Maybe, just maybe, we'll never know
I know, I really love my girl, you say, "You love your man"
So how did we end up here? Where was there a change of plan?
We've been fighting for so long, it gets harder every time
You know if we take it there we might regret it the rest of our lives
Our lives don't wanna be a fool, a fool, what is, is what is?
Maybe, this was meant to be
Maybe, we should try and see
Maybe, just maybe it's as far as we should go
Maybe, it's a big mistake
Maybe, we should walk away
Maybe, just maybe, we'll never know
Girl, I know in my heart I should leave
But it's so hard to let you go
It's so hard to let you go
How can we just ignore how we feel?
It could be something we want to forget
But it just might be for real
Maybe, this was meant to be
Maybe, we should try and see
Maybe, just maybe, it's as far as we should go
Maybe, it's a big mistake
Maybe, we should walk away
Maybe, just maybe we'll never know
Maybe, this was meant to be
Maybe, we should try and see
Maybe, just maybe, it's as far as we should go
Maybe, it's a big mistake
