

Louder

Style of Eye

Got this feeling, heart is beating like a shot gun
Stop and stare we do it all for fun
Do it all for fun yeah we do it all for fun
Club is on the street if we want to
Tarring up the sky, Ill be tarring it for you
Screaming to the beat when we want to

Here I shout to break the dawn
Louder, louder, louder, louder
We are one with all the sound
Louder, louder, louder, louder
Louder, louder, louder, louder
Louder, louder, louder, louder
Louder, louder, louder, louder

Got this feeling head is banging like a dance floor
Kick the ceiling yeah we do it all for fun

Do it all for fun yeah we do it all for fun
Club is on the street if we want to
Tarring up the sky, Ill be tarring it for you
Screaming to the beat when we want to

Here I shout to break the dawn
Louder, louder, louder, louder
We are one with all the sound
Louder, louder, louder, louder
Louder, louder, louder, louder
Louder, louder, louder, louder
Louder, louder, louder, louder
Louder, louder, louder, louder
Louder, louder, louder, louder

Here I shout to break the dawn
Louder, louder, louder, louder
We are one with all the sound
Louder, louder, louder, louder
