On the Rocks

The Rural Alberta Advantage

Lets rush into the city try to punch the lights out
and i'll object because we'll have to skip the make out
there's nothing going wrong; there's nothing going down????, she set the path,we are walking down again
there's nothing in your heart we've lost the fight again
there's nothing going wrong; there's nothing going downOur Hearts they were strong ; Never made a sound
our love was on the rocks ; the day we let it out
nothing going wrong ; nothing going downour love was not dead, but i lost the fight again
there's nothing in your heart; it's all we got my friend
there's nothing going wrong; nothing going downOur Hearts they were strong ; Never made a sound
our love was on the rocks ; the day we let it out
nothing going wrong ; nothing going downlalalala... (repeat)Our Hearts they were strong ; Never made a sound
our love was on the rocks ; the day we let it out
nothing going wrong ; nothing going down
