All Night Cinema

Just Jack

I don't know who directs those films
I watch when I sleep
I'm not sure who the producer is but I don't think it's Serweinstien
Sometimes they're made of Lego
Sometimes they're made of gold
And sometimes it's hard to let go
Of the ones I just can't bear to hold
All the lights are off while I watch projections in my mind
I don't know who does the casting
But they got a strange sense of humor
Sometimes I'm seeing strangers
Sometimes I'm watching friends
And sometimes the feeling's painless
And I hope the visions never end

There are strangest things I have ever beheld
So barmy and beautiful
They're monstrously minuscule
And I would be a bigger fool if I told you

There are strangest things I have ever beheld
So barmy and beautiful
They're monstrously minuscule
And I would be a bigger fool if I told you

Because you told me they bore you to tears

I bought you a ticket to my one seat cinema
But I can't find the box of fizzle
So I'll just try to describe it
Sometimes you try to listen
And sometimes you fall to sleep
But sometimes the stories glisten
And sometimes they sound so weak

There are strangest things I have ever beheld
So barmy and beautiful
They're monstrously minuscule
And I would be a bigger fool if I told you

There are strangest things I have ever beheld
So barmy and beautiful
They're monstrously minuscule
And I would be a bigger fool if I told you

Because you told me they bore you to tears

(I have never seen such beauty)
