Laces Out, Dan!

The Fall of Troy

Interrupt this call...
Reasons seem to be incomprehensible,
But it's not you or me
This is what I see,
Something here is wrong,
Someone here is wrong!(Wash your hands of me!
I don't care anymore!
You wanna play these games?
I wanna wipe that smile
off of your face!)Whore(Look at my eyes!!!)
Do you think that I was joking?
Are you really that unprepared!?
Do you think that I am joking?
