

# Tiffany Lou

## Daughn Gibson

Her Father was on another episode  
Three years apart,  
He got in the same police car  
It tears her apart, just to watch him go  
While inner circle made the groave  
She left the room  
Tiffany Lou I can't help wishing  
She'd make the call  
To the network, and tell'em that he's gone  
He died with his mind in fire  
And his jeans half on  
Like the days after school  
Yellin' up to her room  
Tiffany Lou
