Advisory - the following lyrics contain explicit language:

I was all you thought you ever needed  
So you said, "how'd I let this slip away?"  
On the floor, cold and barely breathing  
So it goes  
Sleeping all my dreams away  
'Til you found me Like a lightning bolt to the heart  
You woke me up, woke me up  
Yeah, you brought me out of the dark  
With just one spark, just one spark  
Now I can feel your pulse  
Kick starting this lifeless soul  
Like a lightning bolt to heart  
You woke me up, woke me up  
Yeah I was all you thought you ever needed  
So you said, "how the hell did I let this slip away?"  
Have I lost myself?  
I was stumbling right on the edge  
You pulled me back, for one last dance  
Yeah, I was lost on the darkest road  
I need your light to lead me home Now I can feel your pulse  
Kick starting this lifeless soul  
Like a lightning bolt to heart  
You woke me up, woke me up  
Yeah  
Like a lightning bolt to heart  
You woke me up, woke me up  
Yeah Can you feel me  
Like I feel you  
Can our hearts still be together?  
This is our time,  
Don't you waste it  
We can sing this song forever

Can you feel me  
Like I feel you  
Can our hearts still be together?  
This is our time,  
Don't you waste it  
We can sing this song forever Now I can feel your pulse  
Kick starting this lifeless soul  
Like a lightning bolt to heart  
You woke me up, woke me up  
Yeah
