The Days

Killing Heidi

I've been counting down the days
I mean no harm in what I have to say
I've been counting, counting down the days
I aint got long before I start to fadeI've been loved to much
You say that I've lost touch
I was lying low in my haze
I've been crying so hard
You'd think that I would break
But it gets my nights out of the way
I've been counting, counting down the days
I've been counting down the days
Counting down the days...the days...the days
I'm counting down the daysI've been counting down all through the ways
The ways I which I can make you pay
I've been drifting all through the days
I aint got long before I start to fadeI've been loved to much
You say that I've lost touch
I was lying low in my haze
I've been crying so hard
You'd think that I would break
But it gets my nights out of the way
I've been counting, counting down the days
I've been counting down the days
Counting down the days...the days...the days
I'm counting down the days
Counting down the days
I've been counting down the days...I mean no harm
The days...
