## Smoke DZA

bitch niggas no more space on the earth for em  
dig a hole in a the dirt for em  
my big homie got a decade, he don't care about visits  
all he wants is a little short to re-up on his minutes  
bitch niggas no more space on the earth for em  
dig a hole in a the dirt for em  
my big homie got a decade, he don't care about visits  
all he wants is a little short to re-up on his minutes
