

Higher Than the Clouds

Anuheia

VERSE 1

We were up in the clouds
On that Sunday sunset
You taught me how
We took a drive up the mountain
Where we could look out
ON our own little island
Made me feel so comfortable
With each moment that went by
I wanted to show you my love
For the very first time

PRE-CHORUS

So you really wanna?
(Yes)
So we really gonna?
(Yes)
I can't believe we both feel this way now..
So we gonna try it?
(Yes)
No more trying to hide it..
Let's let it go and let emotions take control

CHORUS

You take me higher than the clouds
Your touch makes me wanna scream out loud, ooh
You take me higher than the clouds
I don't wanna rush
But baby when we touch
I wanna let you take me over...ooh

VERSE 2

I'm so damn lucky baby
To have you in my life, yeah
I don't have to be on a mountain
To feel at the top
And I know it won't stop cause
When I'm in your arms I feel
Like the queen I dream to be

I'm your lady, you are my man
Feels so right and I know you understand

REPEAT PRE-CHORUS
REPEAT CHORUS

With the sun setting in your eyes
I know all I want to do is see the sunrise
Here we are right here right now
Intensity, and it seems, to me like you and me were
Meant to be

Me heart to rum papapum like the beating of a drum
Just a likkle touch from you boy I love you so much
You'll be my superman I'll feel no pain
Taking me higher than the clouds
Up up up up and away!!!

CHORUS
I'm so damn lucky to be in your arms
With the sunset then I'll be in your life
