# What Would You Do

## Kelly Rowland

Hold up, stop, wait a minute
I gotta admit it, shorty, you did it and gotta lie to you
Hold up, stop, play that good, girl, are you doin' it to me?
Let me see you in the gut, I'm steaming looking you up
And down, down and up, 'cuz you down or what?
Oh and we both run both on the phone
But we don't gotta play them games
When we we both grown,you know
It's been a minute, we been talking on the phone
Lookin' on a two way to me, oh and I'm about to lose my mind
You say you wanted me, baby, baby, it's way too long
It's time to quit playin', let's get it on 'cuz Imma show you, I'm for real

I'm gonna make you want me, I'm gonna make you come see me
Never gonna want no one but me, oh, I'm gonna make you mine
I'm gonna make you want me, I'm gonna make you come see me
Never gonna want no one but me, oh, baby, I'm gonna make you mine
Make you wanna stay, baby, make you wanna stay, baby
I'm gonna make you wanna stay, baby
I'm gonna make you, make you, make you wanna
Make you wanna stay, baby
Make you wanna stay, baby, make you wanna stay, baby
I'm gonna make you wanna stay, baby
I'm gonna make you, make you
Make you wanna, make you wanna stay, baby
