Uh
Highly faded but I'm highly paid
So I just live my life
That shit you niggas trying to do
I guarantee I did it twice
They say life's a gamble, hit my joint and roll the dice
When you living this high, you can't be afraid of heights
Book my flight to Vegas well, 20 thousand state a night
Another 10 on champagne, my money long I pay the price
Tired of niggas saying they get my game cause dawg we ain't alike
I'm throwing money, when I walk up in this bitch, they know it's money
Money in my arms, other table full of money
Pockets full of joints I roll
Dropping ashes on my clothes
Balling super hard, smoking till I over dose
Hardly ever sober bitch, we party till it's overChorus -
When the song come on I'm spending money, spending money(6x)
Play something I can spend some money to, money to(6x)
When the song come on I'm spending money, spending money(6x)

Spending money, popping hella bottles, making niggas mad
Going places rolling j's, I live the life you wish you had
Throwing up dollar bills put that shit on my tab
Gotta joint full of that OG, Got a clique full of them og'sVerse 3 - Juicy J
Trippy nigga hit the club, you know I be fucked up
Chasing at the model chicks, trying to get my fucks up
Niggas handcuffing hoes, but them niggas know what's up
Y'all came to the club together, but that hoe gonna leave with us

Break at the blue dream, everybody rolling up
Where the lean, where the cups, hoe it's time to pour it up
Tell the owner we leaving, we gonna buy the whole clubHook - Wiz
