Soulsick

Moonspell

I'm only real
In places I cannot beMy right hand rebels
And chops off the left
Airy ape walks into stage
He tries to stay erectThe one who never slept
In order to be perfect
The arrogance of their hands
The joy of their regretSoulsick
Good at things I never did
Soulsick
Good at things I never did
Soulsick
Good at things I never did
Soulsick
Good at things I never didSoulsick but skin deep
Tense, frantic but relieved
Soulsick but skin deep
Tense, frantic but relievedI'm only real
In places I cannot be
Dead liquid vigilant
Implanted into my sleepThe only one who never slept
An' the one who stays erect
The only one who is profound
The one I do rejectSoulsick but skin deep
Tense, frantic but relieved
Soulsick but skin deep
Tense, frantic but relievedSoulsick
Good at things I never did
Soulsick
Good at things I never did
Soulsick
Good at things I never did
Soulsick
Good at things I never did
Good at things I never did
Good at things I never didI'm only real
In the places I cannot beSoulsick, skin deep
Not real, just believe it
Soulsick, skin deep

Not real, just believe it
Soulsick, skin deep
It's not real, just believe it
Soulsick, skin deep
Not real, just believe it
Soulsick, skin deep
Not real, just believe it
Soulsick, skin deep
It's not real, just believe it
Soulsick, skin deep
(Good at things I never did)
It's not real, just believe it
(Good at things I never did)
Soulsick, skin deep
(Good at things I never did)
It's not real, just believe it
(Good at things I never did)
