

# Too Much of You

Kelly Osbourne

What can I say  
You got me good  
Swallow me up, spit me out  
Like you shouldWhat can I do  
But play the pool  
And wait around for you to come  
You never doSo I save for this  
Keep imagining a different ways'Cause, I love it in the mornin'  
It's like a new day comin'  
Every time baby  
Too much of you is not enoughI want it in the evening  
You give it all new meaning  
And I can't lie baby  
Too much of you is not enough  
Too much of you is not enoughI catch my breath  
And it again  
You swirl around  
In my head and to the groundYour everything  
I need in me  
The doctor says  
[Incomprehensible]All these wasted things  
Can't keep myself away from me'Cause, I love it in the mornin'  
It's like a new day comin'  
Every time baby  
Too much of you is not enoughI want it in the evening  
You give it all new meaning  
And I can't lie baby  
Too much of you is not enough  
Too much of you is not enoughI love it in the mornin'  
It's like a new day comin'  
Every time baby  
Too much of you is not enoughI want it in the evening  
You give it all new meaning  
And I can't lie baby  
Too much of you is not enoughI love it in the mornin'  
It's like a new day comin'  
Every time baby  
Too much of you is not enoughI want it in the evening  
You give it all new meaning

And I can't lie baby  
Too much of you is not enough  
Too much of you is not enough
