Hip Like Junk

7 Year Bitch

He said I did something really stupid today
He said I did something really stupid today
Well, can I bounce, bounce a rock off your head?
Can I pronounce, pronounce you dead?
Can I bounce, bounce that rock off your head?So, you're kickin' back into a once kicked habit
Outta boredom, 'cuz you were sharin'
Kickin' back in and kickin' back
Just sharin'When you start lyin' to yourself
Then don't come runnin' back to me
I still remember the pathetic mess
You used to beWatched you bang, bang, bang your head against the
Bang, bang, bang your head against the wall
Watched you bang, bangWe're all so smart and we're all so dense
We need a little more mind over matter
To get to what matters
'Cuz we know what's the matter'Cuz you're hip like junk flash so bad
Oh, wouldn't it be nice to get what you had?
Make it last, better and longer
Make it last, last a little longerYou'll be hip like junk flash so bad
Oh, I'm alone with you so lonely
'Cuz you're hip and you're badYeah, I can see you itchin', the corner's your mouth were twichin'
You're so hip and you're bad
And I think you've been had
Oh, wouldn't it be nice?
Yeah, wouldn't it be nice?To watch you bang, bang, bangin' your head against the
Bang, bang, bangin' your head against the wall
Watch you bang, bang
Watch you bang, bang
