Infamous Existence

Gorefest

Open your eyes
At least try to see what you are creating here?
Tell me, do you really think
That I can't see through this hypocrisy?What do you think?
You made the rules and that I will just obey
Let me assure you that I am human, I'm irrepressible
That I am human, I'm irrepressible, that I am humanDeep in your mind you admit your defeat
I'll stare you in your eyes till you bow your head
You tried to change me, you could not succeed
'Cause all that you hate is what I want to be [Incomprehensible]Deep in your mind you admit your defeat
I'll stare you in your eyes till you bow your head
You tried to change me, you could not succeed
'Cause all that you hate is what I want to be [Incomprehensible]
