Prolly (feat. Gucci Mane)

Sevyn Streeter

[Sevyn]
When the revolution comes, when the revolution comes
But until then you know and I know that niggas gon' party and bullshit
And party and bullshit, and party and bullshit!
(Sevyn, Gucci...!)
Prolly, prollyDid I go too far tonight?
I don't know, prolly
Did I almost start a fight?
I don't know, prolly
Did I spend too much tonight?
I don't know, prolly
All these niggas tryna fuck?
I don't know, prolly
Prolly, prolly, prolly, prolly, prolly
I don't know, prollyStyle so (?), oh I
Feelin' bent like a limbo, oh my
Careless hands on whips, boy
Cup filled with liquor
He roll his swisher
She owe me like Twista, oh
Falling like that
Flirting with disaster, huh, you bout to cum fast
Hm, ha-ha-ha-ha
Get it by my (?) I don't like that
I wanna (?) for nothin'
I'm on the edge like a rectangle
Thinkin' outer lines or somethin'
Prolly, prollyDid I go too far tonight?
I don't know, prolly
Did I almost start a fight?
I don't know, prolly
Did I spend too much tonight?
I don't know, prolly
All these niggas tryna fuck?
I don't know, prolly
Prolly, prolly, prolly, prolly, prolly
I don't know, prolly[Gucci Mane]
I'm in a 4 AAGTB, with my shooter right behind me in a SRT
AK's, AR's, 223's, I'd rather hear Free Gucci than RIP's

Neck full of stones, RIP to Pimp C
Drunk so many pints damn near OD'd
Now the feds, ATF, and the local police
Say I'm a career criminal, ACC
Party-party-party hard little nigga
I tear the club down then I shut them all down nigga
That's your girl? That's your word? I could prolly get her
We in Californ', then I'm prolly with her
Yeah you gettin' money but I'm prolly richer
Think Chanel Blue cause I'm prolly bitter
The way she think about it and the way I figure
Ain't no prolly, I'm that niggaOh-ohh, did I go too far tonight?
I don't know, prolly
Oh-ohh, did I almost start a fight?
I don't know, prolly
Oh-ohh, all these niggas tryna fuck?
I don't know, prolly
Oh-ohh, did I spend too much? Did I spend too much?Where my breaks at?
Where my breaks at?
I got one bottle, two bottles
Three bottles, what's one more?
In the club now, work tomorrow
So I ain't (?) now
I'm already out of body
I'm already out of body
Don't blame me for my desire
When you find me, you'll find a good time
ProllyDid I go too far tonight?
I don't know, prolly
Did I almost start a fight?
I don't know, prolly
Did I spend too much tonight?
I don't know, prolly
All these niggas tryna fuck?
I don't know, prolly
Prolly, prolly, prolly, prolly, prolly(I don't know, probably...!)
