I Could Get Used To It

Reverend Horton Heat

Well I'm ready to rock,
And I'm ready to rool,
I'm like a cute little ????Like a cool Dacharri,
With the twist of a lime,
I could get used to this,
All of the time.I could get used to it!
I could get used to it!
I thought it'd be bad but it didn't hurt a but,
Ooh! Baby I could get used to it.When I met you baby you were 17,
And you were looking like a girl from a magazine,
But now you're older and I got to say,
I want your sweet love each and every day!I could get used to it!
I could get used to it!
Like an odds on favorite we ain't gonna miss,
Ooh! Baby I could get used to this.I hate so much to put my heart on the line,
But I wanted real bad just to make you mine,
And it was just one taste and that's all it took,
I'm like a big bass on your fishin' hook!I could get used to it!
I could get used to it!
I thought it'd be bad but it didn't hurt a but,
Oh I could get used to this.Yeah i could get used to it.
Yeah i coudl get used to it.Yeah.
