Summer Dress

Xenia

Oh, I'm an open book
Turn the page and take a look inside
I'll be yours tonight
Cause you've got a hold on me
The kind that makes it hard to breath
But I feel so aliveWould you be my king if I lost everything?
Cause I'd be your queen through anythingBaby, baby, baby
Oh, you're killin' me with maybes
In my summertime dress, your hair's a mess
But you never looked so good to meBaby, baby, baby
Oh you're drivin' me crazy
Got me singing' hallelujah
How can I get to ya tonight?This ain't a fiction I've got a heart condition, a love addiction
I keep coming back to you
The DJ on the radio is playing songs that we don't know again
We'll just keep on dancing, ohBaby, baby, baby
Oh, you're killin' me with maybes
In my summertime dress, your hair's a mess
But you never looked so good to meBaby, baby, baby
Oh you're drivin' me crazy
Got me singing' hallelujah
How can I get to ya tonight?I could give you everything you ask for
If only I could find a way into your heart
If this isn't real don't wake me up
Don't wake me up... tonightWould you be my king if I lost everything?
Cause I'd be your queen through anything, anything to call youBaby, baby, baby
Oh, you're killin' me with maybes
In my summertime dress, your hair's a mess
But you never looked so good to meBaby, baby,
You drive me crazy
I'm bouncin' off the walls again
Hold me close til I say when
Just hold me close til I say when
Hold me close til I say whenBaby, baby, baby
Oh you're drivin' me crazy
Got me singing' hallelujah
How can I get to ya tonight?
