Undaunted

Dauntless

You're all over my face
This is your place
You wannabe!
You're running your big mouth
You're gonna get knocked our
You wannabe!
You step into my life
And I rock it big time
You wannabe!
Don't think you can beat me
You'll never defeat me
You're pushing me!
You wannabe!
I stand undaunted.
You gonna see
I am undaunted.
Kill!
Don't think you can shake me
'cause you'll never break me
You wannabe!
You only get one round
It's time for the takedown
You wannabe!
You're talking the big talk
But I walk the big walk
You wannabe!
You'll never forget me
You'll live to regret me
You're pushing me!
You wannabe!
I stand undaunted.
You gonna see
I am undaunted.
Can't you walk away
Don't you look at me
Listen what I say
You're just a wannabe!Just walk away
Don't you look at me
Listen what I say

The fear inside of me!
[Mike Orlano's solo]
I stand undaunted
You gonna see
I am undaunted
Don't look back, just walk away
I stand undaunted
You wannabe
I am undaunted.
