Long Road To Heaven

Stevie Nimmo

The rich manâ€™s road gets wider
The poor manâ€™s well runs dry
The sad manâ€™s road gets lonely
But he wonâ€™t lay down and die
Oooh
ooohh

Blind man heâ€™s just sleeping
He donâ€™t need no eyes
See this world fall around his soul
Crumble down with lies
And itâ€™s a long road to heaven
And itâ€™s a long road to heaven

Some say laughing ainâ€™t easy
But I guess theyâ€™ve never tried
What you want you got to go out and get it
And itâ€™s the same thing every night
And itâ€™s a long road to heaven
And itâ€™s a long road to heaven

Now my road is darker
Paved with broken souls
But I donâ€™t mind because I can see the light
that shines from the pot of gold
And itâ€™s a long road to heaven
And itâ€™s a long road to heaven

Some folks they get angry
Some folks they get high
Some folks they just enjoy the show
And hide behind the lies
And itâ€™s a long road to heaven
And itâ€™s a long road to heaven
