

Prophet 15

Supergrass

[Incomprehensible] I'm lost in a cloud and I can't get out
There's no other way, don't try I'm caught in a car and I can't get out
I can't explain, I can't drive
Can't drive Oscar Wilde and Peter Cook were close by
And Che Guevara and Steve McQueen were right there, oh yeah I'm dust in a cloud and I can't get out
Floating away, can't fly Caught in a car and I can't get out
I can't explain, can't drive
I can't drive John Belushi and Lady Day were close by
And Joe 'The Lion' and Marvin Gaye were right there, oh yeah And Davy Crocket and Joan of Arc were close
by
(Whoa oh oh)
And David Banner and Roger Moore were all there, oh yeah
