

Where I Belong

Atlas Genius

If I pretend like you forget
That it's not as real as real can get
Time can be bought if you regret enough
If this isn't all over just yet, our stuff I hope the cracks open up and swallow me whole
Down and down in it I go
Right where I belong
I hope the cracks open up and swallow me whole
Down and down in it I go
Right where I belong
Right where I belong
I'm trying to mean what I can say
But it's only sound that disappears
Why all my actions lay in states
I try to hide them but they just won't go I hope the cracks open up and swallow me whole
Down and down in it I go
Right where I belong
I hope the cracks open up and swallow me whole
Down and down in it I go
Right where I belong Would I forgive me from above
I don't plan on giving up
I'm stuck here right where I belong
I hope the cracks open up and swallow me whole
Down and down in it I go
Right where I belong
I hope the cracks open up and swallow me whole
Down and down in it I go
Right where I belong
Right where I belong
time can't be bought if you regret enough
If this isn't all over just yet, our stuff
Right where I belong
Would I forgive me from above?
I don't plan on giving up
I'm stuck here right where I belong
Right where I belong
