

You Said It

Harold Arlen

You said it kid, you said it
You made your point and it's getting pathetic
No it's not just another word,
You're talking to yourself
Ignorance with adjectives we watch you cross the line
These shaking heads don't want to hear the words you re-define
Tripping over some terrible excuses when you say
"Dude, I didn't mean it like that"
"Dude I didn't mean it like that"
You said it kid, you said it
Bite your tongue and show some respect man
