Desert Song

BSQ

Dark n' dirty
Like you have never seen
Our minds all twisted
With thoughts so unclean
My heart is racing
All tattered and torn
I stand here naked
As the day I was born
Only the lonely will stand
I'm holding the world
In my hand
I got to believe
The sky is falling
On this setting sun
Echoes of silence

Ringing loud and long
This isolation
Is the king of pain
A lost horizon
In an ocean of flames
Only the lonely will stand
I'm holding the world
In my hand
I've got to believe
I've been here before
But not as I stand here today
I wait for the dawn
Ready to walk into the light
