

# Circles

## Angels & Agony

Now I am here alone  
With this sadness in my heart  
No one can reach me here  
And no one to impart  
The feeling to come undone  
Weighs so heavy on my heart  
But I cannot find the words  
And I cannot find the strength

I find it hard to breathe  
Like I am suffocating  
Within these boundaries of fear  
I've forced upon myself  
Unable to find my way  
When yesterday's forgotten  
And tomorrow never comes  
Will I be here tomorrow?  
I'm slowly reaching ground  
How can I break these circles  
By which I feel surrounded?  
I'll find my way to live today  
When yesterday's forgotten  
And tomorrow never comes

my innocence and patience  
Enclosed by this rage  
Within my world of reason  
I am seeing blind  
I find myself entangled  
In my own web of thoughts  
As extension and completion  
Of what I must become?
