Fallin'

Kim Richey

Feeling stronger
Uptown and braver
I'm moving straight through yesterday
Full on and higher now
I'm wading through the doubt
Opened up, i'm turning every page
CHORUS:
And I went outside and I
Looked up at the late night sky
And I saw a star fall down
And I thought as it blazed across the night
I remember fallin'
I remember fallin'
Best friend and lover
Felt like forever
Every fiber, every day
Nobody quite like you
Never a voice so true
Too bright to ever fade away
REPEAT CHORUS
The story's over and I've lived through the ending
But that doesn't mean I wouldn't
Do it all again
I remember fallin'
I remember fallin'
I remember fallin'
I remember
