Brown Eyes (Album Version)

Rachael Yamagata

Brown eyes will you wait for me to follow?
I'm used to letting everybody down
I've seen your face in our shadow
Does it look as pretty in the lightOh, will you save me from myself?
Will I save you from the rest?
Oh, brown eyes
Save a little something for me tooFull moon is there wisdom in your tide play?
The cold is come and now the love throwing everybody off
Sleep just doesn't taste the same
I'll be waiting till we're side by side once againOld love how I wish we were an old love
I've survived all this and more
Oh, you're turning everything to dust
And the wind is picking up
