Love Me Loud

Robin Schulz

Jupiter on my fingertips
Kiss the sky with crimson lips
I want to fly high with you
Wrote a book with my burning [?]
Ignite like a rocket ship
I wanna hide away from youI've failed in love, I've been in pain
Head floating up, I feel insane
And suddenly we're [?]
Throw me into the flames, [?]
And nothing ever feels the same
You're the one that I blame for chaining my bloodBring me up, up, take me down
Give me love, love, love me loud
You bring me up, up to take me down
Just give me love, love, love me loud
Love me loud
Lift me up, up, take me down
Give me love, love, love me loud
You bring me up, up to take me down
Just give me love, love, love me loud
Love me loudFloat away on your valentine
I am the sailor, you're the sea
Swallowed up by frozen wave
Metal heart wraps me in chains
I'm [?]I've failed in love, I've been in pain
Head floating up, I feel insane
And suddenly we're [?]
Throw me into the flames, [?]
And nothing ever feels the same
You're the one that I blame for chaining my bloodBring me up, up, take me down
Give me love, love, love me loud
You bring me up, up to take me down
Just give me love, love, love me loud
Love me loud
Lift me up, up, take me down
Give me love, love, love me loud
You bring me up, up to take me down
Just give me love, love, love me loud
Love me loud
