Never Never

Minty Style

Wish I couldn't come
Wish I would and then id crawl to the morning sun
Wish I'd never never come so far and than I stopped
If I could not and I fall down
Would I fall down
Would we fall down?
We liked to say
We would never come undone
Breathe it in breath out
Can you breathe I know I can not now
Wish I hadn't spoke
Wish I did but I made sense or I did not fear
Wish we'd never never grown so close that we could fall
Fallen apart, and if it was lost

Would I be lost
Would we be lost?
We liked to say
We would never come undone
Breathe it in breath out
Can you breathe I know I can not now
Many nights I've spent replaying the day
Would you listen to what I have to tell you now you're gone
And I'm missing it
We liked to say
We would never come undone
Breathe it in breath out
Can you breathe I know I can not now
