

# It'll All Come Out

Greg Holden

Living your dreams on the inside of a mirror  
Painting a perfect picture of your life  
Oh, your world has never looked much better  
But no one ever sees the cracks you hide  
But it'll all come out, all come out  
It'll all come out  
It'll all come out  
In the end  
Empty little moments through a filter  
Missing all the magic pass you by  
If you want it all to be a little clearer  
Then you cannot be afraid before you try  
But it'll all come out, all come out  
It'll all come out  
It'll all come out  
In the end  
It'll all come out, all come out  
It'll all come out  
It'll all come out  
In the end  
And if it's all just a search for validation  
And I can't show you things that I regret  
Then go ahead cancel my invitation  
'Cause there are things that I'm not willing to forget  
It'll all come out, all come out  
It'll all come out  
It'll all come out  
In the end  
It'll all come out, all come out  
It'll all come out  
It'll all come out  
In the end  
It'll all come out, all come out  
It'll all come out  
It'll all come out  
In the end  
It'll all come out, all come out  
It'll all come out  
It'll all come out  
In the end
