

First Day of My Life

Melanie C

So I found a reason to stay alive
Try a little harder, see the other side
Talking to myself too many sleepless nights
Try to find a meaning to this stupid life I don't want your sympathy
Sometimes I don't know who to be Hey, what you looking for?
No one has the answer, they just want more
Hey, who's gonna make it back?
This could be the first day of my life So I found a reason to let it go
Tell you that I'm smiling but I still need to grow
Will I find salvation in the arms of love?
Will it stop me searching? Will it be enough? I don't want your sympathy
Sometimes I don't know who to be Hey, what you looking for?
No one has the answer but you just want more
Hey, who's gonna make it back?
This could be the first day of my life The first time to really feel alive
The first time to break the chain
The first time to walk away from pain Hey, what you looking for?
No one has the answer, we just want more
Hey who's gonna make it back?
This could be the first day of your life Hey, what you looking for?
No one has the answer, they just want more, oh, yeah
Hey, who's gonna shine a light?
This could be the first day of my life
