And We All Return To Our Roots

The Forecast

This letter's sealed with a kiss
Sent with a promise
Of a better life with a better view
I'd rather move than watch youDamn the Gods
With things from a life now lost
We can patch this up, the boat's not sinking
We're still afloat and we're singingAll I want, all I want
Is a little place of my own
Where I can rest my head
All I want, all I want
Is a little place of my own
Where I can rest my headDrink up, darling
We can save this 'till the morning
When we have clear eyes
And the peace of mind to work this outYou need a raise
You haven't slept in how many days?
The feelings creeping up that you're never going to win
You have to remember we are risingAll I want, all I want
Is a little place of my own
Where I can rest my head
All I want, all I want
Is a little place of my own
Where I can rest my headWe are the ones back to our roots
We are the dust that lies in you
We are the ones in too deep
We are the ones we areWe are the ones back to our roots
We are the dust that lies in you
We are the ones in too deep
We are the ones we areAll I want
(We are the ones back to our roots)
All I want
(We are the dust that lies in you)
Is a little place of my own
(We are the ones in too deep)
Where I can rest my head
(We are the ones we are)All I want
(We are the ones back to our roots)
All I want
(We are the dust that lies in you)

Is a little place of my own
(We are the ones in too deep)
Where I can rest my head
(We are the ones we are)All I want
(We are the ones back to our roots)
All I want
(We are the dust that lies in you)
Is a little place of my own
(We are the ones in too deep)
Where I can rest my head
(We are the ones we are)All I want
(We are the ones back to our roots)
All I want
(We are the dust that lies in you)
Is a little place of my own
(We are the ones in too deep)
Where I can rest my head
(We are the ones we are)
