

Baby I Am Nobody Now

Andy Bull

VERSE#1

I could cut my hair
You can wear me thin
I'm on the out and getting envious
I need to begin

And then when I get in the crowd
I will say the right thing I wont make a sound
I could be 1 in a million baby
But I'm nobody now

CHORUS #1

Baby I am nobody now
Baby I am 1 of a kind
Baby I'm once in a lifetime
Everything you have I thought it would be mine somehow
But baby I am nobody now
Baby I am nobody now

VERSE#2

Man on the street is him
They all look like your new boyfriend
I'd like to sink him on a ship
See if the rat swims

I'm gonna write you a book
I'm gonna rattle the cage
Oh it's amazing to think
If only time would allow

CHORUS #2

Baby I am nobody now
Baby I am 10 out of 10
Baby I'm once in a lifetime
Everything you have I thought it would be mine somehow
But baby I am nobody now

Baby I am nobody now
Baby I am nobody now
Now now now now

Baby I am nobody now

CHORUS #3

Baby I'm a hell of a find
Baby I'm once in a lifetime
Everything you have I thought it would mine

CHORUS #4

Baby I cut you fine
Baby I'm not suprised
Everything you have I thought it would be mine somehow
Baby I am nobody now

OUTRO

(Baby I'm nobody now)
(No no no)
