

Honey Bee

Gloria Gaynor

Honey, honey bee
Honey bee, honey bee
Honey, honey Youre my honey bee
(Youre my honey bee, baby)
Come on and sting me
(Your love is sweet as can be) Youre my honey bee
(Youre my honey bee, baby)
Come on and sting me
(Your love is sweet as can be) Youre always so busy
Workin on loves honeycomb
Chalk full of sugar down your sweet mouth
Every time you kiss me, boy, really turns me on Youre always buzzin, buzzin, buzzin
Love is in the air
Theres nothin like your lovin
Boy, its beyond compare, yeah Youre my honey bee
(Youre my honey bee, baby)
Come on and sting me
(Your love is sweet as can be) Youre my honey bee
(Youre my honey bee, baby)
Come on and sting me
(Your love is sweet as can be) Theres so much love power
In everything you bring to me
Whenever Im snuggled in your arms
The love you bring makes my heart sing You know love is where you are
Theres where I want to be
When its cold outside
Youre honey loves so good to me Youre my honey bee
(Youre my honey bee, baby)
Come on and sting me
(Your love is sweet as can be) Youre my honey bee
(Youre my honey bee, baby)
Come on and sting me
(Your love is sweet as can be) Youre my honey bee
(Youre my honey bee, baby)
Come on and sting me, yeah
(Your love is sweet as can be) Youre my honey bee
(Youre my honey bee, baby)
Sweet love, oh
(Your love is sweet as can be) Honey, honey, honey

(Youre my honey bee, baby)
Honey bee
(Your love is sweet as can be)Sweet love
(Youre my honey bee, baby)
Sweet love, give it to me
(Your love is sweet as can be)Got to have it, need your love, yeah
(Youre my honey bee, baby)
Sweet honey bee, yeah
(Your love is sweet as can be)Sweet love
(Youre my honey bee, baby)
(Your love is sweet as can be)
Youre my honey bee
