Slam The Door

Zedd

Don't slam the fucking door
Shit!
Don't slam the fucking door
Shit!
Listen, I'm going to give you a clue here now
I don't want any more bullshit anytime during the day, from anyone,

that includes me
It's going to be very hot, going to be very uncomfortable for everybody
Don't anybody yelling?
We get anybody yelling around here anymore today and then the shit is going to hit the fan
Why are... I just... lose stuff! Why can't I remember it?
Don't slam the fucking door
Don't slam the fucking door
Shit!
