

# She Doesn't Think That It's Ever Gonna Work Out

## Bowling for Soup

I've got a thing for a girl with a last name  
That would make you laugh out loud if you heard it with the first  
I'd like to think that maybe sooner or later  
That she would change her mind about thinking I'm the worst  
She said before that she don't like me this way  
Cause I'm the guy that likes to stay too late  
We shared a capsule, we would not have to drive  
So I'm responsible for her being alive  
I try to hold her hand  
She doesn't understand  
Why I won't just give up  
She tells me we're just friends  
I say, 'That all depends.'  
And then she gives me that look  
Like she doesn't think that it's ever gonna work out  
I lost my job because I've got a smart mouth  
She works six days a week and has a nice house  
I bought her flowers and the note said 'Just cause'  
I added words that may have made her throw up  
I hope she'll come around  
Who doesn't love the crown?  
And have you ever seen my hair?  
Maybe I text too much  
I like to keep in touch  
Is there an emoticon for despair?  
She doesn't think that it's ever gonna work out  
I try so hard to act like it's just fine the way it is  
But for real, I wish she would quit making me feel like shit  
I love you, can't you see?  
I know you're the one for me  
I've got a thing for a girl with a last name  
That would make you laugh out loud if you heard it with the first  
I try to hold her hand  
She doesn't understand  
Why I won't just give up  
She tells me we're just friends  
I say, 'That all depends.'  
And then she gives me that look  
Like she doesn't think that it's ever gonna work out
