

Before I Hit the Party

Afroman

Before I hit the party (baby)

You know i need (what you need man, what you need man, what you need man)

Some coke 45 (baby), and a bag of weed (a bag of weed man, a bag of weed man, a bag of weed man)

chorusx2Friday night, time to party

Smoke marijuana, drink bacardi

Get drunk and high,before I leave

Put my hand on my wrist, push back my sleeve

Look at the time, on my marijuana watch

Got a big thick girl rubbin on my crotch

My marijuana watch reads, 4ro:20

I'm getting fucked up while i make mo' money

The party don't start till 11:30 (porno time, watch some dirty)

Thin girl with me got a big ol' butt

Whenever i want i can bust a, what

Jump off in the shower, 30 minutes to an hour

Stop out the shower on a thick white cloth

Big boodie bastray tryin me outBefore I hit the party (baby)

You know i need (what you need man, what you need man, what you need man)

Some coke 45 (baby), and a bag of weed (a bag of weed man, a bag of weed man, a bag of weed man)

chorusx2I turned on the music to help me pick, something sick

To keep the girls on my dick

Looked in the closet what did i see, hella pimp suits lookin back at me

Afroman be dressin pimpalicious, and women find me magicly delicious

Turn up the stereo, hit the blunt, slick the fo' fo'

Weed, beer, plastic cup, afroman's pre-game warm up

Do it till the liquor and the weed kick in

My sight get blurry and my edge spin

Now i am offically fucked up

Pour the rest of the beer in my styrofoam cup
